NEWS FROM TINTAGEL PARISH COUNCIL

JOB VACANCY

Due to the retirement of Mr. John Brown, Tintagel Parish Council has a vacancy for a Parish Gardener/Handyman on a self-employed basis. The work is varied although is predominantly based on the cutting of the public footpath network within the parish, but also includes general grass-cutting, upkeep and maintenance in Trevena Square, maintenance of hanging baskets, notice boards, seats and bus shelters, especially during the summer months. If you are interested in this position, please contact the Parish Clerk, Sue Moth for further information or for an informal chat.

NEIGHBOURHOOD DEVELOPMENT PLANS

A Neighbourhood Development Plan is important as it enables local residents to have control of the environment and development in the local area. Without an approved plan there is virtually nothing the community can do to influence the development of housing, infrastructure, amenities and the environment. However, without the active involvement and support of local residents it will not be possible to complete the Plan, obtain approval and ensure that it is embodied in the Cornwall Council Plan as a legal document that has to be recognised in all future development approvals. Tintagel Parish Council will be mailing every household in the Parish shortly explaining the Plan along with a very short response form inviting offers of help. Do you have Project Management skills, IT skills or are you interested in helping to gather information to produce the plan? Creating a Neighbourhood Development Plan is a local community led process by the people for the people. Tintagel Parish Council cannot proceed with a Neighbourhood Development Plan without a high level of support and community involvement from the people of the parish.

SEAGULL PROOF SACKS

- Ideal to help with the storage of additional refuse over the Christmas period

Cornwall Council has recently trialled seagull proof sacks in a number of areas. These sacks are for the containment of domestic household refuse which is not put out in bins. Household refuse should be bagged as usual and the seagull proof sack can hold up to the equivalent of 3 black bags of rubbish. Loose rubbish will not be collected. The sacks can help you protect your rubbish from seagulls and other vermin and will help reduce the amount of litter on your street. It is easy to store between collections and has proved to be very effective in seaside areas. Further information can be found at www.cornwall.gov.uk

The sacks are now available to purchase from Tintagel Parish Council at a cost of £3.50 each.

If you are interested in purchasing a sack, or know a neighbour who has a problem with storage of refuse, please contact the Parish Clerk.

A MESSAGE FROM THE PARISH COUNCIL CHAIRMAN, ROGER WICKETT

As I write to you I am working in the Visitor Centre. The storms of last week have passed, today the sun is shining, it's dry but cold and there are still a few people visiting. Suddenly after a busy summer and autumn the Advent season is upon us and we are looking forward to Christmas.

The year has passed by so quickly and the Centre has had another successful year. This year we have completely taken over the running of the attached toilets and their costs. In the Spring we launched our new ""Welcome to Tintagel"" brochure which has proved a great success and helped bring the Centre into profit for the year,

After the closure of the Bossiney toilets in the Spring we have completed their purchase for £1. They are now open again and are being cleaned by volunteers.

The plans for the Affordable Housing Scheme in School Hill are still with Cornwall Council awaiting a decision. As yet we do not know their recommendation.

It was with regret that we received the resignation of John Brown (the Parish Handyman). John has been a reliable and hardworking member of the team and will be greatly missed. On behalf of the Council I would like to say a big Thank You to him. The Council will be looking for his replacement in the New Year,

The Council has been attending a number of meetings about Neighbourhood Development Plans. These plans give local people the opportunity to determine development in the Parish, by providing a clear legally binding statement of requirements for development of the Parish. The cost of making a plan is high and very time-consuming. It will require a lot of public participation and anyone in our Parish with IT skills, or Project Management skills with time on their hands we may need you. There will be a lot to consider before we start down the road of the NDP. We are told if we want more control over how our Parish is being developed it is essential to have one.

The Christmas Lights will soon be coming out of storage and made ready for the big switch on on the 14th December, We look forward to seeing you there and for the children look out for Father Christmas. Thank you Lighting Committee for all your hard work.

Finally I would like to say thank you to my fellow councillors for all the time they give so willingly throughout the year – the growing band of Volunteers who help run the Visitor Centre and clean the toilets – and to Sue whose hard work makes almost everything possible.

***I WISH YOU ALL A HAPPY AND PEACEFUL CHRISTMAS AND
PROSPEROUS NEW YEAR.***

BOSSINEY CHAPEL WELCOMES YOU.

Join with us as we celebrate this time of Advent, leading up to the coming of our Lord and Saviour Jesus Christ.

A Baby born to be the saviour of mankind.

“Glory to the Newborn King!”

NEWS FROM COUNCILLOR GLENTON BROWN

The full Council met on 26th November, to debate the Budget settlement for 2013/2014. County Officers, and Cabinet Members Visited over 20 centres throughout Cornwall to present their proposals and listen to the views of local people.

Cuts of 24 million have to be made this year alone. I convey part of a report from Andrew Wallis CC, Leading Member for Children & Young People, and it gives you an insight to the issues facing Council today on just one subject alone.

Cornwall has a high number of children who are eligible for free transport to schools. This is largely because of the geographic and rural nature of the county.

The council is required by law to provide transport for all primary aged children who are living more than two miles away from their nearest school with room or their designated school and for all secondary school aged children who are living more than three miles from their nearest or designated secondary school.

There are significant pressures on primary school places in some parts of Cornwall which means that increasing numbers of children are being placed at schools which are more than two miles away from their home address. The Council is legally required to provide transport for all these children.

In 2012 / 2013 13,127 pupils were provided with transport to schools and colleges in Cornwall. This compares with 16,841 pupils in Devon, and 12,896 in Somerset.

The Council currently uses a range of methods of transport, with the majority of children transported to mainstream schools by bus or rail. Cornwall has the lowest average cost per mainstream pupil in the South West - £685 – compared to £986 per mainstream pupil in Devon and £936 in Somerset,

The Council only uses taxis to transport children to and from school when there are no suitable alternatives available or because pupils require specific transport arrangements to meet their needs. In 2012/13 1,189 children were transported to school by taxi or individual transport – at a cost of £3,293 per pupil per year – i.e. £17.33 per pupil per day.

While the total sum of £3.9million may appear to be significant amount of money, it is important to recognise that many of these children have to be transported considerable distances to the most appropriate school or College and the £3.9m less than a third of the overall spend of £12.4m.

We are currently carrying out a complete review of all areas of the children's School and Families transport policy as part of the wider Council wide transport review being carried out by the Passenger Transport unit.

Whilst I congratulate Mr Andrew Kerr on his appointment as our new Chief Executive, with a much reduced salary than his predecessor, I am really saddened that one of our Cornishmen who has stood in the role until now, and was a brilliant Officer with the North Cornwall District Council was not selected. Mr Andrew. Kerrs track record shows he moves around, how long will he stay in Cornwall I wonder!!

Please contact me if I can be of help.

I would like to take this opportunity to Wish You All Very Happy & Peaceful Christmas, & A Healthy & Prosperous New Year!

Tintagel Sea Angling Club Newsletter – November 2013

The summer season draws to an end and we can reflect on the best summer weather for a number of years. The fishing was mixed but the opportunities to get out there and participate were much better than previous years. Water temperature is dropping from the highs of 17⁰C in August to 14⁰C at the time of writing but that is still higher than the seasonal average.

CADSAC held there open competition at the beginning of September and 1st prize was won by Tintagel club member Nick Topps with a bull huss of 11lb 6 7/8 ozs.

Nigel Rundle won prizes for the best mackerel and best mullet and Derek Nute won best unclassified fish with a gilthead bream.

Tintagel SAC held their annual open shore competition on the weekend of 21st / 22nd September. The competition was very well supported and the presentation took place at the Wootons Hotel, Tintagel, and a number of specimen fish were recorded by the following anglers:

- 1st prize £200 sponsored by Dennis Knight was won by Paul Hawkin
- 2nd prize £100 sponsored by The Wootons Hotel was won by Mike Cowling
- 3rd prize £75 sponsored by DW Nute was won by Chris Bowlan
- 4th prize won by Mark Bidgood
- 5th prize won by Matthew Teal
- 6th prize won by Ross Hawkin
- 7th prize won by Terry Brown
- 8th prize won by Shane Hawkin
- Best club member David Gibson

The club would also like to thank everyone behind the scenes for their help and support with particularly thanks to the main sponsors Dennis Knight, The Wootons Hotel and DW Nute.

Winners of the monthly competitions were as follows:

Nick Topps for August with a wrasse of 4lb 31/8 ozs

David Gibson for September with a pollack of 3lb 147/8 ozs

David Gibson for October with a small eyed ray of 5lb ozs

St Columb hosted the Cornish Bass Festival in October and Tintagel club member Nick Topps continued his winning streak by taking first prize with a fish of 5lb 14ozs.

Nick with his winning bass

Tintagel SAC held their first ever bass open competition in early November and was marked by the stormiest weather we have experienced this year.

Despite the weather we had a very good entry and the anglers battled hard to bring some fish to the table. First prize of £250.00 sponsored by Sharps Brewery was won by Andrew Drysdale (centre) with a fish of 5lb. Other winners included Sid Bennett, Alex Cole and Nick Topps. The club would like to thank everyone for their help, especially Richard Coad and particularly thanks to the main sponsors Sharps Brewery.

Winner's gallery at Tintagel SAC open Bass Competition held in November

Forthcoming events during December include:

The Christmas club competition which starts at 5pm on Friday 13th and concludes at 1pm on Sunday 15th followed by lunch at the Wootons.

The big tide in December is on the 5th with the new moon on the 3rd and the full moon on the 17th were sunrise will be at 0815 and sunset at 1618. The big tide in January is on the 18th with the new moon on the 1st and a black moon on the 30th. The full moon falls on the 16th were sunrise will be at 0810 and sunset at 1648.

The next general meeting will be held on Tuesday 3rd December and the AGM will be held on Tuesday 7th January at the Wootons Hotel at 7.30pm.

Good luck and be safe

Nigel.

Tintagel Carnival

Well Christmas is coming and it's cold & windy out there so maybe it's time to take a look back to warmer times and this year's Tintagel Carnival week....wasn't it brilliant!! I think you will all agree it was one of the best weeks we've ever had and even the big yellow thing in the sky shone down on us (well most of the time!).

Carnival week kicked off on Saturday with one of the best Wheelbarrow Races we've ever had with over a dozen entries in the adult's race and special mention goes to the Vena Boys for their Top Gun barrow. Sunday Johnny Cowling entertained us at a packed Methodist Chapel with Gospel & Elvis songs and Monday we had Pasties & Cream Teas at the WI Hall (the good weather certainly brought the visitors in and we had our best day ever. Tuesday evening was the fun and fiendishly difficult Walking Treasure Hunt and Wednesday the Children's Disco at the Social Hall. We took a break on Thursday to catch our breath and Friday was boppin n boogying night to Dusk at Dawns and Stoned Zucchini at the Music Night. On Saturday the big yellow shiny thing shone down on us as Tintagel Carnival Parade wound its way through a packed village.

We've all just about recovered from the week now and looking forward to our forthcoming events.....yes it's our ever popular Johnny Cowling evening on Friday 24th January at the Bossiney House Hotel, just what you need to banish the mid-winter blues. Tickets will be on sale just before Christmas (what a brilliant present to give someone) from myself or Kathy Rowse, watch out for the poster around the village for full details. We will also be holding our Annual General Meeting early in the New Year, reporting on this year's carnival and starting to plan the next one. Why not come along and join us in running one of the biggest carnivals in North Cornwall.

Happy Christmas to one n all,

Phil Aston

Tintagel Carnival Ltd.

Since the last magazine, things in the W.I. have quietened down, as they have in the village too, with not so many tourists around. Although having said that some of our members arranged a coffee morning for Cancer and another for funds for the Camelford Community Bus, at which large amounts of money were raised for these funds.

The Art Group has moved away from the W.I. Hall, and the craft days have not restarted as yet, and with Christmas looming I suspect won't start until the New Year.

We have had two very interesting and different speakers since the last magazine. Firstly Susan Swanepoel, a very gifted lady, told us about how she trained as a Bra Designer, working not only in London, but head-hunted to work in South Africa. She travelled the world buying for the company in South Africa, and made us feel a little jealous, as she stayed in 4 Star hotels whilst doing so.

Many of us hadn't realised how many parts there are that go into making a bra – 37 in all. We saw samples of her work, and learnt about the introduction of the new fabrics which we now take for granted – new fabrics – new ways of working.

Then on a cold wintry night in November we had Kirstin Hunt showing slides about Ancient Egypt – comparing them to now, and it seems some things don't change. Kirstin came dressed in costume – the costume that Egyptian women are wearing today. It was all in all, a change from the weather outside, and an interesting talk.

We now look forward to our Christmas Party, for which each member is asked to bring a plate of food to share, and a small present. This will be a different Christmas party as the booked entertainment has cancelled – so at the time of writing we don't know what we will have – so come and see. One thing of which I'm sure, there will be fun and laughter, a lot of talk and some lovely food to eat. There will be no flower of the month competition.

If you've never been to W.I., or were a member years ago, please come and join us, we really do have fun, and it is a chance to meet each other, and a chance to make friends in the village.

It just leaves me to say, all at W.I. in Tintagel, wish everyone in the village a Happy and Peaceful New Year.

Do You Remember Radio Luxembourg ...The Station of the Stars...208metres

It was January 1933 when a fresh sound rang out across the whole of Europe, as the new Radio Luxembourg, began its first test transmissions on 1191 meters on the Long Wave.

It was like a bombshell when this new type of broadcasting began and the station soon flourished. It brought Great Britain a brand of entertainment that it had never heard before (and certainly not from Lord Reith's BBC!). During the 1930s Radio Luxembourg interspersed their programmes of popular orchestras with advertising campaigns, like the Ovaltinies, which were to become as popular as the programmes themselves.

During the war years even Lord Haw Haw, William Joyce, broadcast from the Luxembourg transmitter. His well know broadcasts always began with 'Germany Calling, Germany Calling and many humorous songs were written about him. The most well-known song was one recorded by the Western Brothers 'Haw Haw, the Humbug of Hamburg'

Post War Radio Luxembourg set the trends, they created the Hit Parade, invented the Disc Jockey, were the first to recognise the Beatles for what they were, and inspired the Pirate radio ships and Commercial radio. Along the way they brought us lots of goodies like 'Horace Batchelor's Infra Draw Method', Princess for a Day, Teen and Twenty Disc Club, Take Your Pick, with Michael Miles,, Opportunity Knocks and Hughie Green, People Are Funny, Double Your Money, and of course the wonderful Top Twenty' at 11pm on a Sunday evening. Other popular shows were: Baby Bob Stewarts Show, Smash Hits, Irish Half Hour, Candid Mike, People Are Funny, Italy Sings, Dan Dare, Cliff Richard Show, Frankie Laine Show, What's My Line, Much Binding in the Marsh, Jack Jackson's Record Round Up and the Winfred Atwell Show. Religion was not left out, and a popular programme was 'Bringing Christ To The Nations.

The manufacturers had their own programmes, Decca, Palmolive Concert, Pompean Beauty Preparations Programme, Gillette Sports Parade, Horlicks Teatime Hour, Sta Blonde , Brunitex Shampoo and many more. This was the radio station that introduced Teddy Johnson, Pete Murray, Stuart Henry, David Jacobs, Brian Matthew, David Gell, Emperor Rosko, Teddy Johnson, Tony Blackburn, Tony Prince, Noel Edmonds, Mike Read, Steve Wright and of Jimmy Saville. The King of the station and its Manager in later years until he died in 1982, was the incomparable Barry Alldis.

Throughout all this Radio Luxembourg, provided compulsive night-time listening for generations of radio audiences, earning itself a unique position in the history of broadcasting and every right to call itself –The Station of the Stars. Sadly missed by so many of its fans, including me, and a much loved Radio Station

Each night when 208 closed down a wonderful recording by the much underrated singer Steve Conway, closed the day down with 'It's Time To Say Goodnight'. It's time now to say goodbye for now until the next time. Au Revoir Radio Luxembourg

*Pictured are the Helpers from Camelford Stingers
Martha Bradley, Luc Chanter, Logan Chatterjea, Alice Chanter and Rosie Morey.*

Camelford Stingers Swimming Club would like to extend a HUGE thank you to the Seriously Awful Symphonia and the Allen Valley Singers concert held at St Kew Church on Saturday 19th October. Their kindness allowed our club to make £160 which will be split between the Stingers Swimming Club and Camelford Leisure Centre.

The Swimmers and Parents enjoyed a musical evening singing and clapping along to the choir and orchestra. The children worked hard for their money selling raffle tickets, serving refreshment's and helping with the silver collection.

Camelford Stingers would also like to thank everyone who donated refreshment's, glasses and plates to the event.

Outdoors with the National Trust

This has to be my favourite time of year; I am sat with the door open and the turning leaves rustling past with the morning sun. The changing seasons show us the many different moods of our fantastic coastline and there is nothing better than being out and about on a bracing autumn day!

As ever the National Trust has been busy this summer with many tasks including battling the ever growing vegetation on our footpaths, giving a guided walk to a group staying at Tintagel Youth Hostel amongst numerous other events, spraying Japanese knotweed which is a non-native, invasive species in Rocky Valley, trying to control the spread of ragwort on several sites between Holywell and Tintagel, cutting grass at our car parks and litter picking.

**National

TINTAGEL GARDEN CLUB

Our Autumn programme opened with an illustrated talk by Howard Wills, entitled 'A plant Lovers Tour of New-Zealand'. We enjoyed many excellent images of divine scenery and wild life, showing mountains, scrub land, lush green pastures, and tropical woodlands; many fringed with white beaches; much of which cannot be seen anywhere else in the world. A red flowered Christmas Tree, and a type of Moorhen that looks more like a long legged pigeon!

Howard also holds the national collection of Sempervivums, and we were delighted to buy from the wide choice on offer.

The subject for October was ' Butterflies & Dragonflies and other insects'. Our speaker Steve Jones, has been Cornwall county recorder for dragonflies for 20 years, amongst many other roles concerning the insect world.

His excellent slides illustrated the mired of iridescent colours of more than 40 species of dragonfly. He explained in detail their life cycle from mating, egg laying in water, aggressive lava, to emergence from chrysalis to an adult that can hover and fly in any direction; similarly, the butterflies, with no aquatic stages, emerge with fantastic colours and wing patterns, and they in addition, are important pollinators. The bugs and beetles, too many to mention, are more varied and curious than one could have imagined; the most well-known, perhaps, is the ladybird--many species, defined by the number of spots, and colours.

In November Tim Ellis began his talk in Egypt BC, where desert court yards were planted with Prickly Palms. The Greeks and Romans expanded this theme with clipped hedging, medical herbs, and tiling features. In the 1700's, the Renaissance period saw formal Italian gardens, often on hill sides, water courses were diverted by hand with cheap labour, to create elaborate water features, with spectacular cascades. French designs were more elegant, introducing the parterre, intricate hand clipped Box hedging, and coloured gravel.

Capability Brown designed many famous estates in Britain, where vistas were created with clever tree planting. Hampton Court and Blenheim Palace are prime examples of his work. Then followed Gertrude Jeakle, who became famous for her colourful herbaceous borders, with curved edging and introducing flowers for the first time. She later teamed up with the architect Edwin Lytens to create gardens that became available to a wider public.

Our next meeting is on December 6th The annual Cheese & Wine and Quiz night with Question Master John Stratton. Tintagel Social Hall 7.30pm

TINTAGEL PRIMARY SCHOOL

Firstly welcome to all the new children and their families who have joined us this year, they have all settled in well. As usual we have started the new school year running! Class 2 have been working on their topic of "Knights and Castles" and have visited Pendennis Castle, The Great Halls and both the Methodist Chapel and St Materianas.

Class 3 learnt all about chocolate and its origin at the Eden Project, while Class 4 dressed up as WW2 evacuees and enjoyed a trip on the Bodmin and Wenford Railway and a visit to the Davidstow War Museum!

Our Harvest Festival was well attended, thank you to Rev Parsons for leading the assembly. Also a huge thank you to everyone who kindly donated food for the Wadebridge Food Bank, as usual it was greatly appreciated. On Remembrance Day the whole school walked down to the cenotaph and as usual the weather was not kind to us but all our children did us proud, well done.

Parents, Carers and Grandparents were invited to join the children in a roast dinner on Wednesday 20th November, and it was lovely to have them share and enjoy the whole lunchtime experience with them. Adults enjoyed food, commenting that school meals have improved since they went to school!

Last week on Friday 15th November, the School Council organised a Cake Sale and non-uniform day to raise money for Children in Need. The total amount raised was £245.44. We are very proud of our children and would like to take this opportunity to thank all parents and friends for supporting this venture by providing cakes and buying! We have been a drop off for the Samaritans Christmas Shoeboxes again this year, which have now been collected, and managed the grand total of 115! Thank you to all who donated.

We are now in the very early stages of beginning to think about Christmas and with all the excitement that brings! We have carol singing at Eirenikon, a visit to the Hall for Cornwall to watch Cinderella, and of course our very own Christmas Production to perform to family and friends.

Other Christmas questions

Christmas cards

There are a number of charity collections for Christmas cards, but if you wish to dispose of them using the kerbside recycling collection they should be placed in the cardboard sack.

Envelopes

White envelopes should go into the paper sack, coloured or brown envelopes should go with the cardboard.

Wrapping paper

We can accept most wrapping paper but shiny paper is difficult to recycle as the water in the paper mills cannot penetrate the fibres. So if paper is coated with foil or plastic we cannot take it. Please put all non shiny paper in the paper sack and remove all sticky tape, string and ribbons.

Cardboard

Over Christmas there are a lot of extra cardboard boxes. The boxes should be flattened and put into the orange cardboard bag.

If the boxes are too big, flat pack them, tie them in a bundle and put them out next to your recycling. If you have very large amounts of cardboard, you can either take it to the household waste and recycling centres or put it out for the kerbside collection over a couple of weeks.

Chocolate and biscuit tins

You can put chocolate and biscuit tins out for recycling in the sack for plastic bottles and cans. We can only accept metal sweet and biscuit tins, we cannot take the plastic tubs.

Additional recycling

If you have more kerbside recycling than usual, please put it out in carrier bags. Please be extra careful with glass bottles and place out for collection in a rigid box.

Household waste and recycling centres

The sites will be closed on Christmas Day, Boxing Day and New Year's Day. The normal site opening times are 9am to 4pm.

Top tip

Many of us tend to over cater at Christmas, and this shows in the amount of rubbish that we collect in the New Year.

The best way to reduce food waste is to write a shopping list and stick to it. Think about how many people you will be feeding and just buy enough for them. Remember, if you don't like sprouts, you don't have to buy them!

BOSCASTLE BUOYS RELEASE NEW ALBUM

The Boscastle Buoys have become renowned for singing traditional Cornish and sea shanty songs for charity!

In true Celtic tradition the Buoys began their melodious journey in the local pub. Singing was their passion and this was soon put to good use!

On the 5th of August 2010, 33 Chilean miners became trapped half a mile underground after the collapse of a gold and copper mine. The Buoys dedicated the song, "Working Man", to their plight and every Tuesday at 10pm they would sing it and remember the miners and their families. Given the iconic mining history of Cornwall and the devastating floods of Boscastle, the Buoys and the community knew how important it was that the miners remained positive and hopeful. Thankfully all miners were finally rescued 69 days later. (It was rumoured that this rescue came as a direct result of the Boscastle Buoys singing: that the song was played down the shaft to the miners and they clawed their way out to escape the music!!).

LOSS

Sadly, the sudden and untimely death of Raymund Rogers, the well-known Boscastle artist and enthusiastic founder member of the Boscastle Buoys, shocked the rest of the Buoys. In remembrance to Raymund and in gratitude to the care he received, Cornwall Hospice Care became the main chosen charity to benefit from future donations received from the rousing singing of the Buoys. However, alongside this, the Buoys continue to raise money for other causes and also find time to entertain at local care homes and schools.

ALBUM RELEASE "SAFE AND SOUND"

Amazingly The Boscastle Buoys have also found time to record their first ever album, "Safe and Sound". This is a compilation of traditional Cornish music and other well-known songs which have been sung over the years by "One and All". The album cover tells the tale of the Boscastle Fisherman, feared lost at sea after a dramatic rescue attempt appeared to have failed to save them all. Thankfully within a week, all five fishermen were home again, "Safe and Sound".

Anyone wanting to buy a copy of the CD can do so by either searching www.boscastlebuoys.co.uk, phoning 01840 212096 or from any of the Buoys!

The Boscastle Buoys sing because they love to sing: it is their pleasure and their passion. Their audiences at the many functions they support, love them for their vocal ability and their unbounded energy. By supporting this CD, you too will help keep the age-old tradition of shanty singing alive and flourishing, whilst continuing to support singing for charity!
